

# Strategic Leadership **for Principals** Programme

Strategic Leadership for Principals is our gateway learning programme designed to enhance principals' strategic leadership and planning skills.

The programme is delivered through a series of facilitated workshops supported by an online learning platform. Each principal is partnered with a dedicated capacity partner — a senior business or community leader who helps to embed the learning by providing coaching support to each principal.

## How it works

A cohort of **6 principals** matched with **6 dedicated capacity partners**

### STRUCTURED & PROVEN CURRICULUM

*strengthened annually*

### 9 FACILITATED WORKSHOPS

*over the school year*
